

## PUBLIC WORKSHOP AGENDA:

### Implementing the Sustainable Groundwater Management Act (SGMA) in the Solano Subbasin

Choose one of the following workshops that is most convenient for you:

February 25, 2016	March 2, 2016	March 7, 2016
6:30-8:30PM	6:30-8:30PM	3:00-5:00PM
Ulatis Community Center 1000 Ulatis Drive <b>Vacaville</b> , CA 95687	Rio Vista High School 410 South 4th Street <b>Rio Vista</b> , CA 94571	Veteran's Memorial Center 203 East 14th Street <b>Davis</b> , CA 95616

For more information go to <http://scwa2.com/sgma> or call: (707) 451-6090

## MEETING PURPOSE:

- Learn and ask about SGMA: the intent, requirements, and timeline of the law and what we are doing locally to address it.
- Learn and share your knowledge about our water system and the groundwater conditions in the Solano Subbasin.
- Get public input on how local stakeholders would like to provide input on or participate in the SGMA implementation process in the Solano Subbasin.

## AGENDA:

### WELCOME & OVERVIEW

#### Part 1: **SGMA OVERVIEW PRESENTATIONS** (~30 minutes)

- What is SGMA and what does it require?
- What are we doing to meet SGMA requirements in the Solano Subbasin?
- What is the role of groundwater in our local water supply, and what do we know and not know about conditions in the Solano Subbasin?

#### Part 2: **TABLE TALK on groundwater conditions & SGMA in the Solano Subbasin** (~30 minutes)

- What changes have you been noticing in local groundwater conditions in your area that might help us better understand our subbasin?
- What are the key decision-points of the SGMA implementation process that you would like to provide input on or participate in? How do you think your broader community or sector would like to participate in the SGMA implementation process?

#### Part 3: **Q&A PANEL** (~30 minutes)

- What questions do you have about SGMA implementation and local groundwater realities?

### Next Steps, Feedback, & Close.
