

Resources for Learning about Water

Following are resources to help students understand water issues in California and help them prepare entries for the Solano County Water Agency Water Awareness Video Contest.

Online Resources

- <http://solanosaveswater.org/>: Water conservation section of the Solano County Water Agency web site
- <https://www.youtube.com/user/SolanoSavesWater>: View winning videos from previous years
- <http://saveourwater.com/>: Save Our Water: California's statewide water efficiency program
- <https://www3.epa.gov/watersense/>: The national water efficiency program from the U.S. Environmental Protection Agency
- <http://thevalueofwater.org/>: The Value of Water Campaign, sponsored by the nonprofit U.S. Water Alliance, hosts Imagine a Day Without Water every year in October to raise awareness and educate America about the value of water
- <http://waterfootprint.org/en/water-footprint/>: The Water Footprint Network was founded in 2008 to solve the world's water crises by advancing fair and smart water use
- <http://www.watereducation.org/post/food-facts-how-much-water-does-it-take-produce>: The Water Education Foundation's food facts, which describes the amount of water needed to produce common food items

Expert Consultation with Water Professionals

Water conservation professionals are available to advise students and respond to questions related to local water issues, water efficiency and conservation. Please contact your school's water provider to schedule a consultation.

Image and B-Roll Archive

Solano County Water Agency has a limited collection of still photographs and video B-Roll students may use in video entries. Please contact Video Contest Coordinators Christine Kohn (916-944-1631) or Chris Perry (916-416-7367) or SolanoVideoContest@gmail.com for information.
